Dear Mr. Morrison:

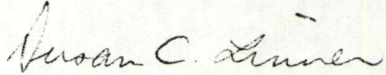

Re: Escalante Silver Mine, ACT/021/004, Iron County, Utah

In 1983 members of the Division staff were working with Ranchers Exploration and Development Corporation on updating some of the information in the Escalante Silver Mine Plan. Since that time the mine has changed ownership and several of the Division reviewers have left.

Recently a new Division technical review team, which I supervise, has been assigned to finalize the plan update. We have been familiarizing ourselves with the mine plan and the work that was done in 1983 and feel that at this time a site visit would be beneficial. Our scheduling would best allow a visit sometime in late February or early March. Please let me know whether site conditions would allow a thorough review of the surface disturbed areas at that time, or what your preference would be for scheduling a visit.

Feel free to call me at (801) 538-5340 in reply.

Sincerely,

Susan C. Linner
